Presents

JAZZING IT UP IN KANSAS CITY

March 12, 2025

Hotel Kansas City

Kansas City, MO

Join Eagle in Kansas City for a seminar that promises to be an enriching experience. Our panels will discuss managing bad faith claims, including how to avoid them in the first place. A further discussion will be on effective strategies for investigation and resolution of premises liability cases. We will discuss the challenges of dealing with professionals as we navigate claims against them, including discussing issues involving consent policies, eroding limits, and other issues facing very personal claims against professionals alleged to have committed malpractice. And lastly, strategies for case handling and resolution of catastrophic loss matters with nuclear verdict potential.

We believe this seminar will be an excellent opportunity for you to enhance your understanding of the claims handling process and to connect with other professionals who share your passion for excellence in this field.

We hope that you will come and participate, come and learn and come and enjoy. We look forward to seeing you on March 12th at Hotel Kansas City.
